Membership Information

Bee Universal Inc. is an innovative not-for-profit community organisation which is focused on **building peaceful communities** and **spreading messages of peace and harmony**. We currently do this through publishing the only local holistic magazine in Far North Queensland— Connect Magazine. We are dedicated to spreading information and inspiration, and integrating our community. Our focus is on Community, Spirit, Environment, Health and Well being, and the Arts.

We are also known for the special community events we co-create incorporating the powerful and energetic Human Mandalas, and special ritual theatre pieces which touch the soul. In the future we would like to sponsor special guest speakers to come to FNQ to share their wisdom.

With your support we will be able to continue creating these special events and producing Connect Magazine . Thank you for supporting us by becoming a member!

Membership is \$20.

Your membership card will be posted to you
